Paper Submission Guidelines

- Submitted papers must be original works (e.g. unpublished, not submitted to other conferences or journals, etc.).
- Prospective authors are expected to submit their contributions to the conference; each contribution should be prepared using the conference template. Microsoft Word 2010 or higher must be used.
- A submitted paper must not exceed twelve (12) A4 pages.
- Papers should be submitted electronically before the paper submission deadline using the online submission system.
- All submissions will be peer-reviewed by at least two reviewers.
- All Accepted papers will be included in the conference proceedings and they will be published under an international ISBN (Print and Online).
- Authors of accepted papers must include a completed Copyright Form with the submission of their final camera-ready paper.
- Awards will be granted for a selected number of best papers, and those papers must be presented at the conference.
- All Accepted papers will be included in the conference proceedings and they will be published under an international ISBN (Print and Online).

The conference

Proceedings will be submitted to be indexed in Thomson Reuters Conference Proceedings Citation Index (CPCI), Elsevier's Engineering Information (EI) databases, and to other international reputable indexing services.

Faculty of Computer Sciences and Informatics
