GRADUATE STUDENTS SUPERVISION

Degree	Thesis Title	Student Name	Organization
External examiner for			
Master of Pharmaceutical Sciences August, 2015	Development and optimization of Diclofenac Diethylamine Nanoemulsion-Based gel formulation	Marwa Basil Al-Zabin	Al-Zaytoonah University of Jordan
Master of Pharmaceutical Technology May, 2017	Enhancing dissolution of Curcumin by Solid dispersion method and freeze-drying technique using Inulin and Neusilin as carriers.	Osama Mahmoud Abu-Souad	Jordan University of Science and Technology
Master of Pharmaceutical Sciences May, 2019	Development of Dual release Pellets of non-steroidal Anti-inflammatory Drug Celocoxib	Haitham Omran	Al-Zaytoonah University Of Jordan
Master of Pharmaceutical Technology August, 2019	Preparation & Characterization of Lercsnidipine nanosuspension using high pressure homogenizer	Baraa Wael Ibraheim	Jordan University of Science and Technology
Master of Pharmaceutical Sciences August, 2020	Development of biomaterial used in urinary catheter to prevent microbial adhesion: effect of drug type	Wasan Ibrahim Alwahsh	Al-Zaytoonah University of Jordan
Master of Pharmaceutical Technology March, 2021	Preparation and characterization of metronidazole and ibuprofen in situ microgel for the treatment of periodontitis	Amani Abu-Kwaik	Jordan University of Science and Technology
Master of Pharmaceutical Sciences August, 2022	Dermal delivery of an antiwrinkle agent using Nano emulsion loaded dissolving microneedles	Baraah Jihad Abu-Nahiah	Al-Zaytoonah University of Jordan
Master of Pharmaceutical Sciences August, 2022	Formulation and characterization of a transdermal delivery system for clarithromycin	Batool Nidal Musleh	Al-Zarqa University
Master of Nanoscience and engineering August, 2022	A biosensor using carbon nanotube/gold nanoparticles to detection HER2 protein in breast cancer	Manar Ajlouni	Jordan University of Science and Technology
Master of Pharmaceutical Sciences August, 2022	The effect of antenatal psychological stress on maternal health status in Mafraq hospital and Princess Badea hospital	Mays Shdefat	Al-Israa University

Master of Nanoscience and engineering September, 2023	Detection of prostate-specific antigen by using a biosensor based on a screen printed electrode modified with silver nanoparticles or graphene oxide nanoparticles	Shathar Alobeidat	Jordan University of Science and Technology
Co-advisor for			
Master of Pharmaceutical Sciences January, 2020	Development of topical patches releasing Allicin	Batool Mahdi	Al-Ahliyya Amman University
Master of Medical Laboratory Sciences January, 2022	Analysis of the Antimicrobial Activity of Zinc Oxide Nanoparticles and Their Applications in Disinfection Process.	Dalia Alqaffaf	Al-Ahliyya Amman University
Master of Pharmaceutical Sciences January, 2023	Development and characterization of anticancer model drug conjugated to biosynthesized zinc oxide nanoparticles loaded into different topical skin formulation	Rowaa Obaid	Al-Zaytoonah University of Jordan
Supervisor for			
Master of Pharmaceutical Sciences May, 2020	Development of buccoadhesive patches releasing atorvastatin	Aseel Abu-Rumman	Al-Ahliyya Amman University
Master of Pharmaceutical Sciences December, 2020	Development of zinc oxide nanoparticles using the root hair extract of <i>Phoenix dactylifera</i> and studying their antimicrobial and anticancer activities.	Rania Naser	Al-Ahliyya Amman University
Master of Pharmaceutical Sciences May, 2021	Preparation of eco-friendly coated magnetic iron oxide nanoparticles using <i>Spinacia oleracea</i> leaves and studying their anticancer activity	Rola Al-Shalabi	Al-Ahliyya Amman University
Master of Pharmaceutical Sciences May, 2021	Preparation of eco-friendly magnetic iron oxide nanoparticles using banana peels and study the anticancer and antimicrobial activities	Furqan Jassem	Al-Ahliyya Amman University
Master of Pharmaceutical Sciences Feb., 2022	Green development of transdermal patches using eco-friendly coated iron-oxide nanoparticles loaded with doxorubicin	Maymona Shakir Abed	Al-Ahliyya Amman University
Master of Pharmaceutical Sciences Feb., 2022	Development of transdermal patches releasing Itraconazole	Ali Nazal	Al-Ahliyya Amman University
Master of Pharmaceutical Sciences Feb., 2022	Development of magnetic gel containing iron-oxide nanoparticles loaded with cisplatin	Ali Raed Dhahir	Al-Ahliyya Amman University
